Margaret Anderson Kelliher's direct ties to ARPA fraud and the conspiracy allowed to flourish with David Andrew Wilson at the helm should already be enough for anyone to shake their head at her reappointment. Not only is Kelliher implicated in multiple fraud cases, she was directly involved with the planning of the privatization of public funds for profit alongside people like David Wilson, Craig Wilson, Adam Fairbanks, and their public counterparts such as Meg Forney, Steffanie Musich, and Linea Palmisano, who all used personal emails to hide their identities while orchestrating an elaborate plan to steal money intended for actual ARPA purposes and re-purpose it for downtown interests and investments into a carbon market that is rooted in falsehoods and fraud.

All it takes is an email from sycophant and recipient of millions of dollars in consulting contracts (handshakes) from Frey and his corrupt partners like this one:

From: Craig Wilson To: Mayor Frey and Mr. Vlatkovitch (01/06/2022)

I'm asking you to please delay the Hennepin Ave Reconstruction Plan until Margaret Anderson Kelliher can assume her role as the new Director of Public Works and can review the impact of the redesign on local businesses and neighborhood livability....and with the wave of a wand, sycophants and private sycophants gets exactly what they ask for! It's lovely if you're a consultant and are stealing public funds for your own personal benefit...Kelliher is definitely for you then. I would prefer to not have a friend to those robbing us in office.

If you enjoy the reality that people like Jackie Cherryhomes can simply tell Kelliher what to do and get what she wants, then you should support Kelliher!

Subject: [EXTERNAL] Heritage Park

"Hi, I am forwarding this document in preparation for our meeting regarding the Heritage Park rain gardens. Looking forward to our conversation."

The horrid mess we're in revolves around Margaret Anderson Kelliher, who would rather make up fake accusations to fire the Department of Civil Rights Head —woman of color—than do her job. She seems to thoroughly enjoy firing people of color to please Jacob Frey. She is directly implicated and compromised with ongoing investigations involving David Wilson, Craig Wilson, Adam Fairbanks, Helix, Margaret Forney, Steffanie Musich, Linea Palmisano, and their cute little inner circle of privatizing thieves who are going to make us pay dearly for their fraud. She directly lies to the City Council and anyone with half a brain can see right through her BS.

Kelliher is a racist, which is not even up for debate—she is. Her elite status as a go-to point person for consultants and criminals who have stolen millions of dollars of IRA/ARPA funds and Opioid Settlement Funds might not make her the best choice. She's a liar and she will lead us right into the ground. If we do not stand up to the fraud right in front of our faces, we'll be screwed forever. Kelliher doesn't care about anything other than her status and protecting herself and those who have enough dirt on her to put her behind bars. This entire system is set to absolutely explode, and unless people like Kristyn Anderson, the entire Ethics Advisory Committee (it feels gross even calling them something with a connotation of respect) and Kelliher are opposed, we're going to be stuck with a Trump-backed Mayor acting like a Democrat, when in reality he's a rich Republican kid from a 6 acre mansion lot and an olympic sized swimming pool overlooking Washington DC.

Kelliher is the choice of criminals. Pick her if you are one. Oppose her if you aren't.

I'm writing to oppose the appointment of Margaret Anderson Kelliher. Margaret Anderson Kelliher is very bright, seemingly kind, and experienced woman, but I don't think she has the best interest of the City in mind. I don't like how she attacks people. I don't like how she handled Public Works at all. I don't trust her. People shouldn't be terrified to talk to people in positions of power, and I'm terrified of her because I know that she would seek to destroy me if I brought up issues she didn't like. For this reason, I encourage you to vote no. Our City is supposed to serve the people, and she does not.
