Dear St. Paul City Council, I am Lidia Diaz, a resident of 191 Annapolis Street. I do not agree with the increase in property taxes for road and sewer works that are being carried out. This affects me and my family, as I cannot afford additional taxes due to not having enough working hours. Please consider the families who live day-to-day due to the lack of money in the city. St. Paul has to cover all the expenses of the project that you have undertaken this year. Thank you.
