Subject: Objection to Public Improvement Construction
Date: Thursday, May 30, 2024 3:14:55 PM

I'm hereby submitting my objection to the proposed project: 2024 Mill and Overlay - Cretin/Bayard Area, Phase 2.

We drive this street daily and it's condition is fine. Moreover we had levied a tax city-wide the previous year for street/pothole improvements (which I supported).

As one of the "benefiting properties" I don't see this being a worthwhile project.
