PO purchased a Money Order on February 10, 2024 in the amount of \$85.47 and mailed it to WM. WM cannot verify or track the Money Order due to lack of a WM stamp. They requested PO retrieve a copy from the purchase location, but this is impossible as the Money Order was bought in February.

Internal note

Money order is dated 02/10/2024 for the amount of \$85.47. WM cannot find it/has no record of it.

WM response" *She will have to go back to the location where she purchased that MO and see if she can get a better copy – as it states "front & back".*"

Hi Michelle

I have been emailing back and forth with Waste Management to try and figure out what happened to your money order. They asked if it was possible for you to go back to where you purchased that money order and see if you can get a copy of the front and back of the money order. It would help them try to located where the payment went.

The hearing officer will ask for that information as well, at the legislative hearing on August 6, 2024.

Let me know if you have any other questions

Hi Michelle

I did receive the copy from City Hall, and I sent that to Waste Management They were hoping you could try and get a copy of the full Money Order, front and back. I understand it can be difficult because that was quite a while ago. I am trying to get this figured to prior to the legislative hearing.

I will reach out with more info as the date nears.

Internal note

I confirmed the Money Order was used to pay for Q4 2023 delinquent garbage hauling

Jillian Barden August 6, 2024 at 16:13

Hi Michelle

This morning I did some digging and the receipt you brought into our office last week was actually used to pay for your Quarter 4 (September - December) 2023 bill. You made the payment on February 13, 2024 and it was cashed by the Saint Paul Assessment Office.

Waste Management still has not received payment for Quarter 1 (January - March) 2024, and this is why there is an assessment due to the City.

Let me know if this clears up any confusion.
